

SUMMER CAMPS

We offer a whole lineup of summer animal camps for kids interested in learning more about animals and animal careers. Summer Ed-Venture camps teach kids how to train and care for animals, be responsible pet guardians, align their choices with their values and make our community a safer place for all animals. Campers will have hands-on learning opportunities with a variety of animals and outdoor activities.

Animal Advocates Ages 5-7 & 8-11

During this exciting 4-day long camp. We inspire young animal lovers to become a voice for the animals in need!!! Campers will discover how they can make a difference for homeless pets through fun encounters with a variety of animal ambassadors, hands on activities, and an exciting week long, multimedia project! Your camper will broaden their understanding of issues facing animals in our community and learn what they can do to be a voice for homeless animals everywhere.

Junior Camp Counselors

Do you love animals, kids, and are looking for a leadership experience?? The Junior Camp Counselor Program (JCC) is a volunteer youth development program aimed to provide leadership and responsibility-based life skill development for teenagers between the ages of 15-17. Under the supervision of Education Instructors, Junior Camp Counselors will interact with campers, assist with curriculum activities and serve as leaders. Sign your teen up today.
